Screening helps

Many cases of gambling disorder go undetected due to limited assessment for this problem. Screening helps!

The gambling disorder screening will take approximately five minutes to complete. Food and drinks will be available for all those completing the screening.

About Centerstone

Centerstone is a not-for-profit health care organization dedicated to delivering care that changes people's lives. We provide mental health and substance abuse treatment, education and support to communities in Florida, Georgia, Illinois, Indiana, Kentucky, and Tennessee and additionally offer individuals with intellectual and developmental disabilities life skills development, employment and housing services. Nationally, we have specialized programs for service members, veterans and their loved ones, and develop employee assistance programs for businesses of all sizes. Centerstone's Research Institute improves behavioral healthcare through research and technology. Centerstone's Foundation secures philanthropic resources to support our work.
