

Are you hiring?

Centerstone's Competitive Integrated Employment (CIE) program provides individuals with intellectual and/or developmental disabilities (IDD) the opportunity to explore and meet their life goals, find employment, and have support throughout the process.

The CIE program is looking for businesses in Franklin or Williamson counties to partner with us in the journey to identify employment options for individuals with IDD.

If you would like to learn how your business can benefit from Centerstone's CIE program, including hiring those with IDD and receiving education and training from CIE staff on the importance of developing a culture of inclusion at your organization, please contact Coordinator James Harris at james.harris@centerstone.org or Assistant Director Brad Friend at (618) 922-2990 or brad.friend@centerstone.org.

About Centerstone

Centerstone is a nonprofit health system providing mental health and substance use disorder treatments. Services are available nationally through the operation of outpatient clinics, residential programs, the use of telehealth and an inpatient hospital. Centerstone also features specialized programs for the military community, therapeutic foster care, children's services and employee assistance programs. Centerstone's Research Institute provides guidance through research and technology, leveraging the best practices for use in all our communities. Centerstone's Foundation secures philanthropic resources to support the work and mission of delivering care that changes people's lives.
