Intensive Outpatient Services

What we offer

Intensive Outpatient Services are for individuals who are recommended for substance abuse treatment 9+ hours weekly to facilitate stabilization and support recovery. Individuals referred to Intensive Outpatient Services will participate in group and individual counseling. Intensive Outpatient Services can be utilized to facilitate a higher level of support and care when individuals are struggling to abstain from substance use or also as a step down from a more intensive treatment service.

About Centerstone

Centerstone is a not-for-profit health care organization dedicated to delivering care that changes people's lives. We are a nationally recognized leader, providing mental health and substance use treatment, related crisis care, education and support to people of all ages in communities in Florida, Illinois, Indiana, Kentucky and Tennessee.

Nationally, we offer specialized care for service members, veterans and their loved ones, and develop employee assistance programs for businesses of all sizes. Our research institute improves behavioral health care through research, evaluation and technology, and our foundation secures philanthropic resources to support our work.
