Additional Services

In addition to DUI services, Centerstone provides mental health counseling, substance use services and life skills programs to children, adults and families. Individuals requiring DUI Services often bring other life challenges with which they may need help. We have the capacity to treat multiple diagnoses and behavioral health conditions.

By providing a full range of behavioral health services, Centerstone can be the place to start building better tomorrows... today!

Substance Abuse Counseling

Services for alcohol and/or substance abuse focus on recovery, which is a process of change and improved quality of life. Recovery empowers you to choose a path that fits your goals and vision for your life.

Counseling includes face to face meetings with a certified addictions counselor in our offices, charting progress toward the goals that you set for yourself.

- Counseling in individual, group, or family sessions to address abuse and other life issues.
- Specialized substance abuse counseling for adults with co-occurring mental illness.
- Medication Assisted Recovery. Methadone is a way to treat cravings for individuals who are addicted to opiates such as heroin or oxycodone.

Family Support

When a family member or loved one is abusing alcohol or drugs, it affects the whole family. Centerstone provides individual and/or family counseling services to anyone who is affected by alcohol or substance abuse. Our compassionate staff will work with you to inspire hope and personal growth.
