Dear Centerstone Client:

Re: Centerstone Policy on Civil Law Suits

Centerstone provides many services for a variety of behavioral health and substance abuse problems. Based on information we get from you or your child we make a plan to help with those problems. In order for the plan to help you or your child the most, you or your child has to be able to have a good relationship with the therapist.

We want to let you know that Centerstone Illinois and its staff cannot go to court with you to testify in a law suit. If you need someone to go to court with you and testify in a personal injury, employment discrimination, divorce case, custody agreement or any other type of law suit, you will need to hire an independent witness or therapist who does not work at Centerstone.

Centerstone's treatment services are only for you or your child's behavioral health needs and goals, and how to move toward recovery and healing.

If you have any questions about this, please contact Clinical Director, Becky Hudzik at 618-462-2331, extension 1724.

Sincerely,

Centerstone Administration
