**About Centerstone’s DUI Services**

In Southern Illinois, Centerstone offers Driving Under the Influence (DUI) evaluations and treatment at 1307 West Main Street, Marion.

If you wish to restore your driving privileges after being charged with DUI, Centerstone can help. Our professional, experienced staff provide quality DUI evaluations, risk education classes, and counseling. We also provide Secretary of State evaluations and consultation to assist you in getting your driver’s license reinstated.

Our full list of DUI services include:

- Alcohol and drug evaluation uniform reports (DUI Evaluations)
- Alcohol and drug evaluation report updates (DUI updated evaluations)
- Continuing recovery plan status reports
- Denial order evaluations
- Investigative alcohol/drug evaluation
- Alcohol and drug remedial education (10 hours risk education)
- Early intervention services
- Treatment services

When the evaluation is completed, a classification and a recommendation will be determined by the evaluator and recorded on the Alcohol and Drug Uniform Report form for the Court or the Office of the Secretary of State. This form will then be sent to the court or given to the defendant to take to the Office of the Secretary of State for the hearing.

The classification will be one of the following:

- Minimal Risk
- Moderate Risk
- Significant Risk
- High Risk

**Recommendations**

The minimum recommendation to the Court or the Office of the Secretary of State related to each classification is as follows:

- **Minimal Risk**
  - Completion of a minimum of ten hours of DUI Risk Education.

- **Moderate Risk**
  - Completion of a minimum of ten hours of DUI Risk Education and a minimum of 12 hours of early intervention provided over a minimum of four weeks with no more than three hours per day in any seven consecutive days, subsequent completion of any and all necessary treatment, and, after discharge, active ongoing participation in all activities specified in the continuing care plan, if so recommended, following completion of the early intervention.
• Significant Risk
  ◦ Completion of a minimum of ten hours of DUI Risk Education and a minimum of 20 hours of substance abuse treatment and, after discharge, active ongoing participation in all activities specified in the continuing care plan.
• High Risk
  ◦ Completion of a minimum of 75 hours of substance abuse treatment and, after discharge, active ongoing participation in all activities specified in the continuing care plan.

In all cases, it is at the discretion of the Court to determine what type of recommendation, if any, will ultimately become a part of the sanction for the DUI offense. However, if the alcohol and drug evaluation is for the Office of the Secretary of State in relation to the return of full or limited driving privileges, the defendant will be required to complete any recommendations contained in the alcohol and drug evaluation.

The defendant has the right to reject the completed alcohol and drug evaluation, to withdraw from the process at any time, or to seek a second opinion by obtaining another evaluation. However, any information provided may be released to the Court or the Office of the Secretary of State, upon request. If the evaluation procedure is not completed, notice will be sent to the Court or the Office of the Secretary of State.

Cost
The cost of the alcohol and drug evaluation is established by the provider. It is the responsibility of the defendant to pay for the evaluation. However, providers must offer alcohol and drug evaluations at a reduced fee to defendants who can prove inability to pay the full cost according to established program standards.

Regulations
Providers that conduct DUI evaluations for the Court or the Office of the Secretary of State are licensed and regulated by the Illinois Department of Human Services, Division of Alcoholism and Substance Abuse. Professional evaluators working in these programs must meet standards prescribed by the Department. Programs are inspected and must conform to applicable Department Rules and Regulations in order to maintain licensure.

Complaints
The Department has statutory authority to investigate providers who conduct alcohol and drug evaluations for DUI defendants. Questions or complaints regarding DUI services rendered should be directed to:

Illinois Department of Human Services
Division of Alcoholism and Substance Abuse Licensing and Certification
401 South Clinton Street, Second Floor
Chicago, Illinois 60607
312-814-3840
