Early Intervention Program

Where you can make a difference

Early Intervention Services are designed to find and help children who have developmental delays, specific diagnosed medical conditions, or circumstances which put them at risk of substantial delays. This program is a family centered approach provided within the natural setting of the family.

How can you help?

Centerstone is looking for Early Intervention-credentialed providers to assist families with these services. In working with Centerstone, you will have:

- Assistance with obtaining referrals
- Supervision for required EI hours
- Team consultation opportunities
- Regularly scheduled payments
- All billing, including insurance, processed for you

We need Developmental Therapists, Nutritionists, Nurses, Occupational Therapists, Occupational Therapy Assistants, Physical Therapists, Physical Therapy Assistants, Social Workers and Speech/Language Pathologists.

If you are interested in working as a team with Centerstone, please contact Edrica McDowell, MS Ed, LPC, DT, at (855) 608-3560, ext. 7863, or email edrica.mcdowell@centerstone.org.
