COVID Behavioral Health Services

Helping uninsured or underinsured families experiencing emotional distress during the Covid-19 pandemic

COVID BH Services

Centerstone received a \$360,000 grant via the State of Illinois and the Substance Abuse and Mental Health Services Administration (SAMHSA) to provide help to uninsured or underinsured families experiencing emotional distress during the Covid-19 pandemic. The program will end August 2021.

The purpose of this grant is to address the needs of individuals with serious mental illness, individuals with substance use disorders, and/or individuals with co-occurring serious mental illness and substance use disorders. Additionally, the program will also focus on meeting the needs of individuals with mental disorders that are less severe than serious mental illness, including those in the healthcare profession.

The populations served by this grant will include children, adolescents, and their families in the Metro East and Southern Illinois areas who are uninsured or underinsured and have a child or adolescent who, due to Covid-19:

- Meets the severely emotionally disturbed or severely mentally ill diagnostic criteria
- Has a mental health diagnosis

About Centerstone

Centerstone is a not-for-profit health care organization dedicated to delivering care that changes people's lives. We provide mental health and substance abuse treatment, education and support to communities in Florida, Georgia, Illinois, Indiana, Kentucky, and Tennessee and additionally offer individuals with intellectual and developmental disabilities life skills development, employment and housing services. Nationally, we have specialized programs for service members, veterans and their loved ones, and develop employee assistance programs for businesses of all sizes. Centerstone's Research Institute improves behavioral healthcare through research and technology. Centerstone's Foundation secures philanthropic resources to support our work.
