ANNUAL REPORT
FY 2018
LETTER FROM THE CEO

David C. Guth Jr.
Chief Executive Officer, Centerstone

Dear friends,

Every year, we produce an annual report that allows us to look back at all of the great accomplishments we’ve made as well as to look ahead at all the exciting things that await us in the future. This year was no exception.

2018 was pivotal for Centerstone as we continued our transformation towards more patient-centered care, something that will be crucial and fundamental for the future of the entire healthcare industry. We saw a record year in grants received, allowing us to leverage technology in all of our care settings, including a number that were new for us. And our Research Institute continued their intensive and state-of-the-art work to develop Centers of Excellence, allowing us to bridge the “science to service” gap and help more people.

Overall, 2018 was a year of change for Centerstone, as we sharpen our focus on the future and strive to always achieve our noble purpose – Delivering Care that Changes People’s Lives.

Thank you,

David
FY2018: BY THE NUMBERS

40,943 children served
